Signature			Title	

# ALTERNATIVE FUELS REBATE INSTRUCTIONS

## COMPLETE A SEPARATE FORM FOR EACH VEHICLE

### General Information

1. Please read FYI General 20 which describes the manner in which the rebate is calculated.
2. This rebate applies to motor vehicles using alternative fuels.
3. Application for a rebate must be filed within twelve months after the end of the month in which cost is incurred by the qualified entity.
4. Rebates will be granted in the order in which applications are received and as moneys are made available in the Alternative Fuels Rebate Fund.
5. No rebate will be granted more than twenty-four months after the date upon which the cost is incurred.
6. No fleet entity may receive more than \$350,000 in any state fiscal year.
7. Only one rebate will be granted per motor vehicle, except in the case of plug-in hybrid conversions for vehicles, model 2004 and later, for which two rebates may be granted: one at the time of purchase, and once at the time of conversion.
8. Qualified entities which may apply for this rebate are the state, any county, municipality, city and county, district, or other political subdivision of the state of Colorado and any institution, department, agency, or authority thereof; or a person, organization, or other nongovernmental entity that is exempt from Federal Income taxation under the provisions of the Federal "Internal Revenue Code of 1986" as amended.
9. Rebates will be granted to qualified entities for each motor vehicle owned by such entity that is titled and registered in the state of Colorado, is used in connection with the business or official activities of the entity, and uses or is converted to use an alternative fuel or has its power source replaced with a power source that uses an alternative fuel.
10. Leased vehicles are eligible and either the owner of the vehicle or the lessee may claim rebates. To claim a rebate a lessee must attach a letter from the owner stating that the lessee may receive the rebate.
11. Incomplete applications will be returned. For questions about this form, or to obtain assistance in completing this form, call (303) 238-7378. Or write Colorado Department of Revenue, Denver CO 80261-0009

### Part 1: Applicant

Applicant completes this section.

You must attach copies of the following with this application, Alternative Fuels Rebate, parts 1 & 2 (DR0167)

- Colorado Title
- Colorado Registration
- Purchase Order or Warrant
- Documentation of EPA Emissions Certification
- Invoice detailing price paid including parts and labor
- Purchase Invoice - OEM

Revenue Account Number - Please enter the account number that has been established for you with the Department of Revenue.

### Part 2: Dealer or Installer

For vehicle purchase, the dealer completes this section. For original equipment manufacture (OEM) vehicles, please attach EPA emissions certification and an invoice that details the incremental cost of the alternative fuel system unless the vehicle is listed in FYI General 20.

If you are converting a vehicle, your installer will complete this section. Please attach documentation of EPA emissions certification, including certificate of conformity for the conversion kit. Also attach an invoice that details the cost of converting the vehicle.

The information that the dealer or installer must report depends upon the category (see page 3 for category information) of the vehicle for which the rebate will be requested. An "X" in the following graph indicates which information must be provided for each vehicle category.

Category	Category	EPA Bin	MPG (miles per gallon)	MPG before Conversion	R Value
1	X	X			
2	X		X		
3	X		X	X	
4	X				
5	X				X
6	X	X	X

## Vehicle Categories

**CATEGORY 1:** Motor vehicles that comply with Bin 1 of the federal Tier 2 emission standards.

**CATEGORY 2:** Diesel-electric light duty passenger vehicles with a minimum fuel economy of 70 miles per gallon.

**CATEGORY 3:** Light duty passenger vehicles, light and medium duty trucks converted to diesel-electric vehicles. The conversion must produce a 40 percent increase in fuel economy of the vehicle.

**CATEGORY 4:** Light duty passenger vehicles, light and medium duty trucks powered by compressed natural gas, either as manufactured or by conversion.

**CATEGORY 5:** Idling reduction technologies (idling reduction devices or advanced insulation) either factory installed or later added to heavy duty trucks.

**CATEGORY 6:** Motor vehicles that comply with Bin 2 or 3 of the federal Tier 2 emission standards with a fuel economy of 40 miles per gallon or miles per gallon of gasoline equivalent or greater.

## Defined Terms

**Alternative Fuel:** Compressed natural gas, propane, ethanol, or any mixture of ethanol containing eighty-five percent or more ethanol by volume with gasoline or other fuels, electricity, or any other fuels, which fuels may include, but are not limited to, clean diesel and reformulated gasoline so long as these other fuels make comparable reductions in carbon monoxide emissions and brown cloud pollutants as determined by the air quality control commission

**AFS:** Alternative Fuel Systems which includes conversion equipment and OEM alternative fuel vehicles and engines.

**AFV:** Alternative Fuel Vehicle; any vehicle on which an AFS is installed.

**Cost:** Actual cost, represented by a bona fide invoice, of a vehicle conversion or the incremental cost of an OEM alternative fuel engine or vehicle.

**Cost Incurred:** At the option of a qualified entity, either the date when the entity obligates itself to make a purchase or the date on which the entity pays for such purchase.

**Department of Revenue Account Number:** Seven-digit number assigned by the Colorado Department of Revenue

**EPA:** U.S. Environmental Protection Agency.

**Incremental Purchase Price:** The difference between the actual cost of purchasing a motor vehicle that uses an alternative fuel and the cost of the same vehicle that uses a traditional fuel.

**Light Duty Passenger Vehicle:** A private passenger vehicle, including vans, capable of seating twelve passengers or less, except that the term does not include motor homes or vehicles designed to travel on three or fewer wheels in contact with the ground.

**Light Duty Truck:** A truck between zero and fourteen thousand pounds.

**Medium Duty Truck:** A truck weighing between fourteen thousand and twenty-six thousand pounds.

**Motor Vehicle:** Any self-propelled vehicle required to be licensed or subject to licensing for operation on the highways of this state, including a vehicle that uses a hybrid propulsion system.

**OEM (Original Equipment Manufacturer) Alternative Fuel Engine or Vehicle:** A new vehicle or engine with an AFS installed by the original vehicle/engine manufacturer, or authorized and warranted by manufacturer or the manufacturer of record.

**Power Source:** The engine or motor and associated wiring, fuel lines, engine coolant system, fuel storage containers, and miscellaneous components.

**Qualified Entity:**

- a. The State, any county, municipality, city and county, district, or other political subdivision of the state of Colorado and any institution, department, agency or authority thereof;
- b. A person, organization, or other nongovernmental entity that is exempt from Federal Income taxation under the provisions of the Federal "Internal Revenue Code of 1986", as amended.

**Traditional Fuel:** A petroleum-based motor fuel commonly used on the highways of this state in the year 1994.

**Uses an Alternative Fuel or To Use an Alternative Fuel:** To operate solely on an alternative fuel, to operate on both an alternative fuel and a traditional fuel, or to operate alternately on a traditional fuel and an alternative fuel.

**VIN:** Vehicle Identification Number.
