

Colorado Automobile Dealers Association Members
Profit Through Risk Management
November 10-12, 2008

The Designated Risk Manager Training Program was developed to target specific risk management concerns for the auto dealer industry. Companies that are the most successful controlling losses have designated a key person as their risk manager. This person is supported by top management and is both responsible and accountable for identifying loss exposures and implementing risk management solutions.

Through CADA's partnership with Federated Insurance, there is no charge to attend this training and you do not have to be a current Federated client. Attendees, however, are responsible for air and ground transportation to and from Owatonna, Minnesota, and lodging in Owatonna.

The class is limited to 20 attendees and the **cutoff date is October 10**. To reserve your spot in the upcoming session, or for answers to any questions you may have, please contact Nate Oland at (507) 455-8935 or 'nsoland@fedins.com'.
