

Colorado Automobile Dealers Association

Colorado Legislator Meetings, 2009

Dealers:

The CADA Legislative Policy Committee is scheduling dealer meetings with Colorado state legislators in order to increase awareness and gain support for the many policy issues expected to face auto dealers in the upcoming session of the Colorado General Assembly which convenes January 13, 2010.

Several meetings are planned and you are invited to participate in as many of the meetings as you are able to do.

The primary purpose of this series of brief get-togethers is to foster and advance relationships between CADA member dealers and Colorado's elected leaders.

The following topics areas are expected to be covered in each session:

- Auto industry issues in general
- Colorado dealer issues in particular
- Proposals to repeal Colorado's ban on Sunday sales of automobiles
- Growing class action litigation against the auto retail industry
- Trends in auto sales in state and nationally
- Sales tax jurisdictional issues

With the economic challenges faced by the industry today, it is more important than ever that state legislators get the opportunity to hear from you on issues of importance to you and your business.

The schedule of upcoming meetings is attached.
